Received
Serial No. 1

Sir,

I am forwarding herewith Copy of the Dewan's D.M. Note of 15 April 93 on the Estate for the Enlargement of the Hesargatta tank. I am to request that you will instruct Mr. B.S. Thimmaya to investigate the question of acquiring the tank & lands of the Aivarkandapura & Jodi Village and to report what amount of Compensation will be required and whether in lieu of such Compensation it would be feasible to assign to the Jodidars other lands of Equivalent value. The Village is not required as its drainage can be diverted so as not to go into either Aivarkandapura or Hesargatta tanks, and as the lands are probably all held in Varittis it may be feasible to grant to the Varittidars other lands Elsewhere according to their wishes & Convenience, not necessarily all situated in one Compact block. The Govt may also treat them with reasonable liberality as regards the Jodi payable for the Village. It would perhaps be easier to treat with Each Varittidar separately as the claims of Proprietors are notoriously unsettled & Cause to & fro in arriving at decision

full particulars regarding the Village as also Hesargatta which the Survey Map shows as Inam, showing the Govt & Survey Valuation of all

lands, the extent under cultivation
the names of owners, Conditions
of grant, Quit rent &c
should be submitted —

by

Enlargement of Hesarqatta Tank

When writing my memo of the 18th Feby, I contemplated the possibility of a future further raising of the W.W. by 3 or 4 ft, in addn. to the 15' proposed for immediate execution. I now think that further raising may be left altogether out of acct. as the present Cost on account of it is some 40 or 45,000 Rs.

It will be far better to add to the Scheme A given herewith for Jodi Tank, as in the same way as Kalkere & Byrata are proposed to be added. We have to buy up a good deal of the Jodi Village lands on acct. of Submersion, and it is as well to buy the whole in. Closing tank & Strengthening. The Catchment appears to be excellent. The situation of the tank above the delivery channel of Hesarqatta tank offers special advantages for drawing from it when necessary. Its bund is weak & straggling owing to neglect by the Jodidars. A short bund across its Kodi channel but lower down the present W.W. may perhaps

4

be found feasible; & ~~not cost would~~ ~~more Considerably~~ if so the Connection of Hessarghatta with the W.W. would save something in the Cost of delivery channel, W.W. &c. This Subject has of Course to be investigated before a definite idea can be formed, and would when it is taken in hand at once. ~~The Meantime~~ However this investigation may finish, I would restrict the Hessarghatta Enlargement project to the requirements of the proposed Raising of the W.W. by 15' only.

Under such circs the ~~top~~ width of top of bund of Hessarghatta may be reduced to 20' and its height above W.W. to 13'.

Omitting Sluices & distribution, the Cost of the Hessarghatta Enlargement Scheme would therefore Stand as follows:—

Bund,	Rs 1,40,000
W.W.	35,000
Compensation	40,000.
Total	2,15,000

~~Now~~

The Project has already been Approved, but the Estn. ~~is not~~

~~is Not from as I can submit it~~
~~to Mr. for sanction~~.

Cannot be definitely sanctioned without a Correct Survey plan. The one sent up is not complete It does not show where the watershed at R I is 65. I want also to see whether the last Site for W W has been selected & whether the addn of Aivarkaud pir will make any & what alteration in its position. I much fear that we can't get in the foundations this season, but I think I shall be able to give sanction in another week or 10 days for the Collection of Materials. It will save money & time and insure good work if we make complete preparations in the interval between this & the next season and then push on with the work as quickly as possible making a special division of it to

15.4.93

with necessary appliances for transporting Earth from Excavations necessary & from Elsewhere by means of tramways if found cheaper.

It should be investigated whether left Bank sluice is necessary. will not a water tower supersede it.?

(General Serial No. 32.)

No. 625

Name of Petitioners The ryots of

Village. Dasenahalli

Taluk. Nelamangala

District. Bangalore

Date of Arzi. 26-8-93

Date of Receipt. 31-8-93

Date of Disposal.

No. of Enclosures.

ABSTRACT.

Petitioners complain tha
the Special Assistant Com
-missioner and the Am
have issued orders to the
that the wet lands under
their tank should not b
cultivated, that they sho
remove their houses to K
-ya ghatta, and that the
should also give up 5
yards of land in addit
to what has already bee
taken up by Government
the extension of the Hesara
-ghatta Tank.

Petitioners pray that

that they may be permitted
to raise garden crops on
the lands under their tank
without the aid of tank water
and to build houses on
Dasenahally only instead
of at Hesaraghatta, and
that equal areas of land
may be given to them out
of the Dasenahally Grant
Land.

If their prayer meet with
Government approval, they
are prepared to bind themselves by a
the execution of
that
they never demand water
from the tank, to their gardens
that they
and never let animals water
from their village, and gardens
into the tank.

D. No. 441
3 & 3 statements

Dated 3rd/4th October 1893.

To

The Chief Secretary to the Dewan
of Mysore.

Sir,

Adverting to your letter No. 120 dated 15th April 1893, regarding the acquisition of lands for the Hesargatta Water project, I have the honor to submit, in original, with enclosures, a letter No. 39 dated 20th Ultimo, from Mr. B.G. Krishnaiengar, Sub Division Officer on Special duty, furnishing the details called for.

2. From the statements herein enclosed, it would appear that the total amount of compensation to be paid for lands to be acquired and villages to be removed comes to Rs 96,288-13-. and the permanent loss of revenue is estimated at Rs 6974-4-1.

3. The investigation into, and settlement of, the claims for compensatio

have been conducted, as per personal instructions given by the Dewan, Sir K. Seshadri Iyer to me and to Mr. Krishna Iyengar.

I have the honor to be

B. G. Krishniengar Esquire
Sub Divisin Officer
on special duty.

To,

The Deputy Commissioner
Bangalore.

Sir,

In reply to your No. 1143 dated 25th Instant forwarding the Chief Secretary's official memorandum No. Rl 463 dated 12th Instant for report, I have the honor to state, that I intended to allow the petitioners, the use of their wet lands on dry assessment; but the Dewan directed their acquisition to Government for planting Cinchona

cinchona and other trees.

2. The wells and trees standing on the lands have been valued apart from the lands, and the Khatedars' mutchalikas have been taken.

3. The site proposed by the petitioners for their village was not approved by the Dewan, as it is within the drainage area of the Hesarghatta tank. I have accordingly selected an unobjectionable site, and within convenient distance from the existing village.

4. The enclosures of your letter is herewith returned.

I have the honor to be
sir
Your most obedient servant

Sub Division officer
on special duty.

Pro: of the Govt. of H.H. the Maharaja of Mysore.

Read :—

Letter no. 441, dated 4th Oct. 1893, from the Deputy Commissioner of Bangalore submitting report from Mr. B. G. Krishna-Iyengar, Sub Division Officer on Special Duty, regarding the acquisition of lands required for the enlargement of the Hessarghatta tank.

Order no. 9978-80 of R. 1024 22 Dec. 1893. 23.

The Government are of opinion that

it is not now necessary to require the whole of the lands originally proposed. As the Hesaraghatta tank is not required for the joint supply of the City and the C & M Station of Bangalore, and as the tank is to be partly used for the water supply of the City and partly for irrigation, the requisition of lands, tanks or villages to the north of the Kakol tank is unnecessary. The

Lands	Area		Assessment			Proposed Compensation		
	A	G.	Rs.	As.	P.	Rs.	As.	P.
1. Lands likely to be newly submerged by the proposed enlargement of Hessarghatta	983	28	3,821	8	2	47,588	5	7
2. Lands for a belt of 50 yards along the new Water spread of Hessarghatta	152	9	385	7	"	7,991	13	5
3. Cultivated Wet lands, under Jambukere, Chikdevarpur, Harohalli Sanemahalli & Kakol tanks draining directly into Hessarghatta, not included in the Submerged Area	149	16	687	9	7	4,848	13	8
4. The Site for an Inspection Lodge near Hessarghatta tank in Shivankhandpur Village	2	2	"	"	"	164	"	"
Total	1287	15	4894	8	9	60,593	"	8

Only Lands that need now be acquired are to be cleared.

2. Similarly the villages which are to be required land removed are the following :—

Villages	Compensation			Other charges including those for Establishing new villages &c.			Total		
1. Dasenahalli & hamlets attached with	2,496	"	"	1,453	10	"	3949	10	"
2. Gondekalli (including hamlets)	4,633	8	"	703	4	"	5,336	12	"
3. Chikdevanpur	2,305	8	"	907	"	"	3,212	8	"
4. Madahalli	1,580	"	"	875	"	"	2,455	"	"
5. Harohalli	1,443	"	"	635	"	"	2,078	"	"
Total	12,458	"	"	4,573	14	"	17,031	14	"

3 The Government accordingly sanction the sum of Rs. 77,624-14-8 for the Requisition of lands and Villages above referred to and of the Establishment of

new villages in lieu of
those removed. These
operations should
be completed as
quickly as possible.

dated 20th September

From

B. G. Krishnaiengar Esquire
Sub Division officer
on special duty.

To,

The Deputy Commissioner
Bangalore.

Sir,

With reference to your docket No. 3061 dated 20th April last, for-warding copy of the Chief Secretary's letter No. 120/DHO dated 15th idem, together with the Dewan's D. P. W. memoranda on the enlargement of Hesarghatta tank, I have the honor to submit here-with three separate statements A, B and C.

2. The rate and amount of compensation allowed for each land are indicated in statement A. It will be evident from it that the rate of compensation fixed varies from Rs 25 to 50 per acre, in case of ordinary dry lands and from Rs 6¼ to Rs 100 in case of dry Inams, according to the nature of the soil and their situation. With regard to wet lands, the amount of compensation has been settled with reference to the period for which each land has been held by the ryots. Lands obtained from Government within the last three years have been allowed Three Candayam of as many years as the holding; while those held for 4 and 5 years are allowed 4 years candayam, and those held for 6 and 7 years five years candayam. Six years candayam is fixed for lands held from 8 to 10 years, and holdings of a longer duration are treated as permanent, and I have given them

them 8 years Candayam. Higher rates have necessarily been fixed for a few garden lands.

3. Generally the amount of compensation for wet lands does not exceed 8 years assessment, but in cases proved by the production of their title-deeds to have been purchased for larger sums, the purchase money has been proposed as apt compensation. Holders of minor Inams have been given from 12 to 15 years assessment. In the case of Haniyur and Jodi Kamakshipur villages (both surveyed and settled) 20 years assessment is allowed, as the amount will have to be divided between the Inamdars and their tenants. It is worthy of consideration whether the lands in the two Inam villages should necessarily be purchased, as they are situated in the bed of

Kakolu

Kākôlu tank. One of them namely Haniyur belongs to the Sivaganga mutt.

4. The Jodidars of Aivara-Khandapur village have consented to part with their lands at Rs 80/- per acre, on the condition of the Survey assessment on such lands being deducted from the Jodi amount payable by them.

This may be done. Mr All

5. Compensation is also fixed for Devadayam and Service Inams, but the proposed sums will have to be utilized for purchasing × other lands to be allotted on service tenure.

× This shall have to be done by a by. Mr All yes.

6. Except in the case of gardens purchased out-right, the owners of lands are entitled to cut and remove casuarina and other trees standing thereon, as the compensation fixed is intended simply to cover the loss they would sustain

Yes. certainly. A.H. 15/6/[illegible]

lain, by removing them prematurely.

7. It will also be seen from statement A that the compensation for lands which will be submerged amounts only to Rs 49849-1-8. The acquisition of additional lands under minor tanks, and for a margin of 50 yards or thereabouts, as personally directed by the Dewan, has brought the amount of compensation up to Rs 71802-14-4. To this amount has been added Rs 3588-1-6 for contingencies. In most cases mutchalikas from the owners of the lands have been taken, but in a few cases in which their presence could not be secured, they have been allowed compensation at the same rates as the owners of adjoining lands. Nevertheless, there may be some instances in which a few people might claim larger amounts on the strength of their title-deeds and to meet such and other unforeseen

foreseen contingencies 5 per cent on the amount of compensation has been entered as "Contingencies."

8. The extent and assessment of lands taken up for submersion are 1038-28, and Rs 4155-8-8 respectively. Those of the lands under the smaller tanks and for 50 yards margin, come up to 491-18, and Rs 1920-7-5. Apart from this, if the lands under the Hesarghatta tank are deprived of their water-supply, a sum of Rs 748-4-0 will have to be remitted out of the candaram payable by the ryots (Vide statement B). These ryots having consented to retain their lands at the proposed reduced rates without claiming any additional compensation, I communicated with the Survey Superintendent Colonel Grant, and obtained the information.

9. Statement C which gives details of compensation allowed for the different kinds of houses needs

no

no elaborate explanation. The buildings are generally either thatched or mud-roofed. In only one case, a terraced house at Gondakulli is involved, and a sum of Rs 1200 has been allowed. The compensation for houses alone comes up to Rs 14459, and Rs 5448-14-" have been provided in addition, for village sites, wells etc. To meet other contingencies such as constructing kuntays or small ponds etc, a small sum of Rs 989-14-5 (at 5 per cent. on the amount of compensation), has been entered in the statement. The removal and rebuilding of villages will thus cost Rs 20894-12-5.

10. The total amount of compensation thus comes up to Rs 96288-11-3, and the total loss of Revenue to Government will be Rs 6824-4-1, apart from the remission of survey assessment for lands of the Aivarakhandapur village which may come up to Rs 150/- per annum.

11. Additional lands for 50 yards margin have been acquired not only in the bed of Hesarghatta tank, but also in

in the bed of Kakolu tank, as far as Dodda-Tumkur tank kodi, as that forms the main river channel, which the Dewan is anxious to conserve. It may not be out of place to state here that several of the ryots owning these lands requested me personally to allow them to retain the lands on dry assessment without any compensation on the condition of their planting such trees as the Government may propose to plant. They are willing to execute mutchalikas binding themselves to take care of the trees and only to cut and remove grass for their cattle. The petition addressed to me by the ryots of Gondahulli, Madahulli, Byata, Chickadevanpura and Harohulli is herewith submitted for favorable consideration.

The Dy. Commr. says nothing about this proposal

12. I cannot however conclude this report without acknowledging the valuable help given to me in this important work by the amildars of Nelamangala and Dodda Ballapur mess^rs Ramaswamaiya, Shamanna and Krishna Rao. As most of the lands acquired and the villages to be removed

moved, are in the latter Taluk, much of the work devolved upon Mr Krishna Rao, who by his tact and perseverance succeeded in fully carrying out my instructions.

I have the honor to be
sir,
Your most obedient servant

Sub Division Officer
on special duty.

Bangalore, Dated 14th April 1894.

From

B: G. Krishnamyer Esquire
Sub-division officer
on special duty.

To

The Chief Secretary
to the Government of Mysore
Bangalore

Sir,

I have the honor to request you to be so good as to obtain the sanction of the Dewan to authorize the ryots of the several villages in which lands &c were acquired for the Hesaraghatta water project to carry on the cultivation of such

P

of their holdings as would not require irrigation, during the current year (Jaya 1894-95). The Compensation is just now being distributed and the ryots have not therefore been able to arrange to procure other lands and build houses in the new village sites before them.

2. As the water is not likely to be stored in the tank this year it may not be inconvenient to accord the above permission for which the ryots would be very thankful.

I have the honor to be
Sir
your most obedient Servant
[signature]
Sub-Division officer
on special duty.
